

Fortum to continue their partnership with Caverion-owned Maintpartner in Poland

Caverion Corporation Release 7 January 2020 at 9.30 a.m. EET

Fortum to continue their partnership with Caverion-owned Maintpartner in Poland

Fortum and Caverion-owned Maintpartner are extending with three years their ongoing partnership in Poland, consisting operation and maintenance of the district heating systems in Wroclaw, Plock and Czestochowa as well as separate overhaul, modernisation and investment projects in Poland. The value of the contract is not disclosed.

Maintpartner has been responsible for the operation and maintenance of the above-mentioned entity since 2016.

"Maintpartner plays an essential role in sustainable and safe district heating supply to the end customers in these three locations in Poland. The last three years working together have demonstrated how a good partnership enables successful continuous development," says **Vilho Salovaara**, President of Maintpartner's Energy Business Line.

Fortum is a leading clean-energy company developing and offering solutions for customers in electricity, heating, cooling, as well as solutions to improve resource efficiency. Fortum belongs to Caverion's industrial client segment.
